Welcome to summer in Robbinsdale Area Schools

Dear students, families, staff and community members,

Greetings and welcome to summer in Robbinsdale Area Schools! You are cordially invited to continue partnering with us during the summer months on our journey to achieving academic excellence for all. It may be summer, but there is a plethora of activities happening at Robbinsdale Area Schools! This brochure describes the fun (and educational) opportunities and variety of programs available for students entering grades PreK to 12.

Our Unified District Vision compels us to ensure every student graduates career, articulated skilled trades and college ready. We believe each student has limitless possibilities, and we strive to ignite the potential in every student. We are committed to ensuring an equitable and respectful education experience for every student, family and staff member, regardless of the season.

Our students’ hunger for knowledge does not end when the last school bell sounds in June. I encourage you to read through this brochure and explore what we have to offer. I am confident you will find activities and programs which are a great match for your family.

Enjoy your summer!

Sincerely,

Carlton D. Jenkins, Ph.D.
Superintendent
Robbinsdale Area Schools

Interested in keeping up your musical skills this summer? Check out Summer Music Academy. Taught by Robbinsdale Area Schools teachers, these classes are a great chance to keep playing your instrument in the summer in a relaxed and fun atmosphere. During Summer Music Academy, you can look forward to:

- **Great music!** Both Band & Orchestra play a great variety of terrific pieces.
- **Concerts!** Enjoy a concert at the end of each session with new music each time.
- **Activities & Games!** After working separately in your ensembles, spend part of each day doing a variety of activities and games together.
- **Individual Lessons!** Thanks to the terrific work of volunteers from Cooper & Armstrong, you work one-on-one with an experienced player.

For more information, speak with your school’s band or orchestra teacher. Make arrangements with your school’s band or orchestra teacher before the end of school if you need to use a school instrument in the summer.

Focus Academy

Week of August 5-9

Focus Academy is excited to announce a partnership with Northwestern University’s Center for Talent Development (CTD).

Northwestern University’s Center for Talent Development is a non-profit center within the School of Education and Social Policy. It has been serving gifted students and their families for over 35 years. Their unique, research-driven summer programs provide challenging and enriching courses for academically talented students grade 3 through grade 8.

Predators in our Ecosystems: From Gruesome to Useful  Gr 3-4
How might having one of the dirtiest mouths in the animal kingdom help the Komodo dragon survive? Our planet’s predators are fearsome, fascinating, and full of the unexpected. In this zoological exploration, students study predators across multiple phylum, from the well-known to the weirdly wonderful. Through readings, videos, research, and hands-on activities, analyze the factors that make Earth’s predators successful and important to their ecosystems, and identify possible solutions to keeping our endangered carnivores on the hunt.

Crisis Averted: Engineering Our Environment  Gr 5-6
Human beings impact the natural world around them in many ways. In this collaborative, project-based class, students explore the positive and negative impacts of human activity on our complex ecosystems. From using electric cars to rebuilding reefs from recycled oyster shells, students research what engineers and environmentalists are already doing, and use their newfound knowledge to engineer their own solutions to real environmental issues.

Forensic Science  Gr 7-8
Forensic Scientists use skills and techniques that come from a variety of disciplines—logic, mathematics, biology, chemistry, physics, and technology—to solve mysteries. Utilizing mini-lectures, in-class discussion and hands-on activities, students collect, preserve and analyze crime scene evidence. Experiments and fieldwork provide perfect venues for learning scientific methods, lab procedures and techniques. Labs may include trace analysis of hair, fiber, stain, epithelial cells, fingerprints and DNA.

Welcome to Summer Adventure Club

Adventure Club is the School Age Child Care Program of Robbinsdale Area Schools. There are several convenient locations within district schools for students entering Kindergarten through fifth grade beginning at 6:30 am and running until 6 pm.

Adventure Club is staffed by trained professionals who have a combination of education and experience especially suited to working with school aged children. With curriculum designed to enhance learning, students are encouraged to make choices, practice decision making skills and build positive peer relationships.

DATES
Summer Adventure Club runs from Mon, Jun 10- Fri, Aug 16 (closed July 4, 5) from 6:30 am-6 pm.

AGES
Adventure Club is for students entering kindergarten through fifth grade. Students outside of the school district or from private schools are welcome to enroll in Adventure Club.

ACTIVITIES
Our program offers extracurricular activities which are designed to promote physical activity, build positive social relationships and foster teamwork. Daily activities include gym games, science experiments, cooking projects, social recreation and art.

FIELD TRIPS
Summer Adventure Club goes on 2-3 fieldtrips each week. Some of the trips your child may attend include bowling, parks, water parks, zoos, walks around the community and museums. A detailed list of trips will be available by April 3 at: ced.rdale.org/k-12_youth/adventure_club.

Trips are designed to encourage students’ interests and create new experiences in a fun, safe environment. The cost of fieldtrips is included in the regular tuition.

MEALS
♦ A light breakfast and afternoon snack are included in the daily rates.
♦ Lunch is available with no additional cost at all sites through Robbinsdale Food Service, except Zachary Lane.

REGISTRATION
Registration for summer Adventure Club will open on Wednesday, February 13 at 8 am.

SUMMER 2019 RATES
A single scheduling option will be available for registration. You will be required to complete the PICK YOUR DAY schedule for the entire summer. The daily rate will be based on the total number of days selected for the entire summer.

Students entering 6th-9th grades are invited to join us at The Basement for fun, relaxation and adventure. Water parks, bowling, trips to the mall, going out for lunch, movies, Valleyfair, hanging out with friends, cooking, reading, games and sports are just some of the choices available this summer.

RESPONSIBILITY AND INDEPENDENCE
The Basement is especially designed for students in middle school as they grow into responsible teens. At times, students will have the opportunity to be outside of the direct supervision of adults with clear expectations about appropriate boundaries and rules. This applies to certain times onsite, as well as some field trips throughout the summer. Abuse of rules, check-in times and set parameters will result in the loss of privilege in this area. Attention is given to the needs of young teens and pre-teens and at times different ages may have different boundaries in terms of supervision. We encourage students to be independent, but provide support for safety and learning.

FIELD TRIPS
A list of scheduled trips will be available online by April 3. Some of the trips you can expect include Valleyfair, water parks, bowling and the mall. In addition to the scheduled trips, we have left space for the students to plan some of our trips. Our location on the city bus line also allows for impromptu small group trips around the community.

Academic Opportunities

Summer Math “Boost”
Robbinsdale Area Schools is committed to providing multiple pathways for students to access high school math courses to earn college credit (i.e. AP-Calculus). Towards that end, low cost summer math “Boost” courses are an option for 6th through 11th grade students who want to independently cover the material in one of the following courses:
♦ Pre-Algebra
♦ Algebra 1 (Linear Algebra)
♦ Higher Algebra (High School Algebra)
♦ Geometry
♦ Algebra II
♦ Pre-Calculus

The Summer Boost option is available for advancement or for review. You have the opportunity to complete a full year (two semesters) during the summer.

Details:
♦ Students who master the material are allowed to advance to the next logical math course in the fall.
♦ Students do not receive credit for the course covered.
♦ The program is offered at a low cost of $69. Students on free or reduced lunch pay $35.
♦ Students can choose to advance a grade-level in math, or review the last course they just completed.

Look for detailed information on the Robbinsdale Area Schools Community Education website ced.rdale.org.

Career and CollegeNow!
Career and CollegeNow! is a collaborative program with Robbinsdale Area Schools and Minneapolis Community and Technical College (MCTC) and Hennepin Technical College (HTC). Students in grades 9-12 have the opportunity to earn high school and college credits in the summer with classes taught by MCTC and HTC instructors. This intensive program offers students the ability to gain experience and knowledge in college-level courses while still in high school.

Dates: Jun 17-Aug 1 (M-Th)
Time: 8 am-12:30 pm (the start and end time varies depending on which class a student selects)
Location: Minneapolis Community and Technical College (MCTC)
1501 Hennepin Ave, Minneapolis
Hennepin Technical College (HTC)

Early Childhood Family Education (ECFE)

For Families with Children Birth through Pre-Kindergarten
Laying a healthy foundation for lifelong learning while getting children ready for kindergarten

Classes and Activities for You and Your Child
ECFE classes are designed to strengthen families and support children’s healthy growth and development.

Licensed children’s teachers help young children develop their cognitive, physical, language, and social skills. Licensed parent educators provide support regarding children’s healthy development, understanding and guiding children’s behavior, and strengthening the parent-child relationship. Curriculum is designed around Minnesota’s Early Learning Standards and the Parent Education Core Curriculum Framework.

Most classes include:

◊ Activities where parents and children learn together
◊ Time for children to learn and interact with one another
◊ Parent education time with a licensed parent educator

Tuition for most classes is based on a sliding fee scale with payment plans and fee assistance available upon request. Most classes offer child care for siblings, three months through five years of age, who are not enrolled in class.

Registration is Ongoing
View our full registration brochure online at ced.rdale.org or call the ECFE office at 763-504-4170.

Parenting Questions?

Schedule a one-to-one with a parent educator
If you are a parent with an infant to 5 year old child, parenting information and education is available in your home or at New Hope Learning Center.

Spend an hour visiting one-to-one with a licensed parent educator at no cost to you.

Discussion topics include

♦ What to expect at different stages in your child’s life
♦ How to strengthen the parent/child relationship
♦ Finding positive ways to guide and teach your child
♦ Parenting concerns
♦ Community resources and family support

To schedule an appointment
Call 763-504-4170 or email ecfec281@rdale.org

Early Childhood Screening
For Children Ages 3-5

All 3 to 5 year old children in Minnesota are required to complete an Early Childhood Screening to determine if they need additional support or services to prepare them for kindergarten.

Early Childhood Screening is a free and simple check of your child’s vision, hearing, height, weight and development, as well as review of immunizations.

We recommend that children be screened when they are 3 years old. This helps ensure that all young children are well equipped for learning, and that families are aware of resources in the school and community.

The screening tools are designed to provide a snapshot of your child’s motor, thinking, speech and language skills. This is not an IQ test, achievement test or comprehensive eye exam. The results are based on your child’s age at the time of the screening.

Appointments are available Monday, through Friday and take about an hour. Call 763-504-4180 for an appointment.

*Early Childhood Screening is a requirement for most of our early childhood programs.

PARENT AWARE 4 STAR RATED

Each of our preschool programs has received 4 stars, the highest possible rating by Minnesota’s quality rating system for early education. Our licensed teachers use a variety of research-based curriculum to provide a rich learning environment. Children are provided hands-on learning opportunities in language, literacy, math, science, music and art. Intentional focus is also given to the emotional, social, and physical development of our students. The skills students learn in our programs lay the foundation for all future learning and prepare students for a successful transition to kindergarten.

REGISTRATION TIPS
• Registrations are first-come, first-served so register early for best selection.
• You may register up to two children per form. Return completed registration with payment to Community Education at Pilgrim Lane. Please do not return registrations to your child’s school. (Allow 2-3 weeks for check payments to be processed.)

REGISTRATION PROCESS
In the event that a class is full or cancelled we will, if possible, shuffle your child’s classes within the original weeks and times requested (i.e. flip Periods 1 and 2). We will contact you only if an additional adjustment to your child’s schedule is necessary.

CONFIRMATIONS
If you provide us with an email address when you register, you will receive an email confirming that your registration was processed. Additional participant information will be emailed by the end of May. Separate postcards will be mailed confirming your transportation requests for June, July and August classes. (Cost for busing is included in the class fee.)

IMPORTANT: If you signed up for transportation and do not receive information by the week before class starts, please email transportation at transportation@rdale.org or call 763-504-8107.

QUESTIONS?
Call 763-504-6990 weekdays, 8 am-4 pm

CHANGES/CANCELLATIONS/REFUNDS
• If your class is canceled due to low enrollment, you may choose another class or receive a full refund.
• A class change must be made at least 1 month before the start date of the classes.
• If you choose to cancel a class you must do so at least 1 month before the start date in order to receive a refund, minus the $5 processing fee per class.
• We are unable to refund any portion of a class fee for a class you cancel less than 1 month before the start date, unless it is due to a family or medical emergency. The $5 processing applies.
   (Please allow 4-6 weeks for check refunds to be processed.) No refunds will be issued after September 6, 2019.

TRANSPORTATION
Busing is provided only within Robbinsdale Area Schools boundaries.
