VIP Photo Gallery
“Partners In Action”

We invite you to view just a sample of the hundreds of volunteers and the programs and activities they serve across the district. You’ll see that our volunteers range in age from middle school to senior adults and are placed in ongoing opportunities such as tutors, classroom and media helpers, clerical support, and childcare assistants. One-time opportunities including special events, vision and hearing screening, and more are also represented.
Many of the photos throughout the website were taken by Beverley Blackwell, one of the VIP volunteers, who contributed her special talents toward helping us portray the scope of volunteering in Robbinsdale Area Schools.
